## MINIATURE HORSES

[www.Therapet.org](http://www.Therapet.org)

### Miniature Horses

The Therapet Miniature Horses love working at the hospitals, rehabilitation centers, and attending as many community events as possible every year. The miniature horses are less than 34 inches tall and can live up to 30 years so they are able to volunteer in the program much longer than the average dog or cat! Just like the Therapet Dog and Cats however, the minis have to be bathed and groomed before each appearance! They would like to extend everyone a big Mini Hug! Therapet AAT Foundation is a non-profit organization based in the East Texas area. Our mission is to facilitate the use of animals in the healing and rehabilitation of acute and chronically ill individuals.

*Matt first began flying airplanes at the age of 16, then went on to pilot helicopters upon graduation from the Air Force Academy. With over 20 years experience as a military aviator, he has logged more than 4500 hours in Sikorsky MH-60G "Pave Hawk" and Bell UH-1N "Twin Huey" helicopters flying both Special Operations and Rescue missions. He earned his balloon rating in 1999 and enjoys sharing the gift of lighter-than-air flight at events throughout the western United States—from New Mexico to Washington. Sierra Hotel is his first balloon.*
