Preschool Update

There will be a preschool Open House for the 2010 school year on Thursday, June 17th from 1:00—2:30 p.m. at the Freedom Elementary School.

- Anyone wanting to register their child for Preschool in the Fall
- Must be 3 years of age to enroll (by September)

Playground Volunteers needed!

Learning Structures personnel will be at the Freedom School to replace the slide that is in disrepair. Parent/Community volunteers are needed to help replace the slide (approximately 5 volunteers). If you can help out with this project, please contact Ms. Rocco at school (539-2077). Thank you!

Six Steps for Healthy Swimming: Protection Against Recreational Water Illnesses (RWIs)

You can choose to swim healthy! Healthy Swimming behaviors will help protect you and your kids from recreational water illnesses (RWIs) and help stop germs from getting in the pool in the first place.

Here are six steps that promote Healthy Swimming:

Three Steps for All Swimmers

Keep germs from causing recreational water illnesses (RWIs):

- Don't swim when you have diarrhea. You can spread germs in the water and make other people sick.
- Don't swallow the pool water. Avoid getting water in your mouth.
- Practice good hygiene. Shower with soap before swimming and wash your hands after using the toilet or changing diapers. Germs on your body end up in the water.

Three Steps for Parents of Young Kids

Keep germs out of the pool:

- Take your kids on bathroom breaks or check diapers often. Waiting to hear "I have to go" may mean that it's too late.
- Change diapers in a bathroom or a diaper-changing area and not at poolside. Germs can spread in and around the pool.
- Wash your child thoroughly (especially the rear end) with soap and water before swimming. Invisible amounts of fecal matter can end up in the pool.
